

Executive Order

Commonwealth of Pennsylvania Governor's Office

Subject: Governor's Transportation Revenue Options Commission	Number: 2021-02
 By Direction of: Tom Wolf, Governor	Date: March 12, 2021

- WHEREAS, The Commonwealth of Pennsylvania, through the Department of Transportation (PennDOT) manages nearly 40,000 miles of roads and more than 25,400 bridges, key components of a transportation system that is vital to the economic well-being of Pennsylvania; and
- WHEREAS, the local governments of Pennsylvania manage over 77,000 miles of roads, more than 6,400 locally owned bridges and approximately 14,000 traffic signals, while facing significant funding challenges for the maintenance of their systems; and
- WHEREAS, the Commonwealth's 35 fixed transit route operators, which provide more than 300 million rides annually to the people of Pennsylvania, along with the Commonwealth-supported Amtrak services in the state, face operational and capital impacts if funding commitments of Act 44 of 2007 and Act 89 of 2013 are altered to remove stable funding; and
- WHEREAS, Pennsylvania has aggressively assisted private sector operators in enhancing their systems, since effective use of rail freight corridors significantly eases congestion, especially on interstates, yet operators continue to need and seek support from state and federal governments for stronger public-private partnerships to further enhance rail freight; and
- WHEREAS, there are more than 600 public and private use airports and heliports in Pennsylvania that support the movement of goods and people; and
- WHEREAS, revenues from the Motor License Fund have lagged behind the significant rates of inflation in materials and construction costs needed to keep the road and bridge systems in a state of good repair; and
- WHEREAS, the Motor License Fund will not sustain the Commonwealth's road and bridge needs as increasing vehicle fuel efficiency and industry transition toward electronic technologies reduces motor fuel revenues; and

WHEREAS, despite reducing the number of poor-condition state-owned bridges from over 6,000 in 2008 to approximately 2,500 today, the average bridge life is over 50 years old, and sustained investment is critical to ensure maintenance, preservation, and replacement can continue as these bridges move into the “poor-condition” category; and

WHEREAS, there are roughly 9,600 miles of pavement in poor condition; and

WHEREAS, in 2019, the State Transportation Advisory Committee identified major risks to transportation funding such as reduced fuel revenues, unpredictable federal funding, and legislative changes to reduce commitments; and

WHEREAS, PennDOT’s latest assessment places the annual gap of its needs in all modes and facilities at \$9.3 billion, growing to an annual \$14.5 billion gap by 2030; and

WHEREAS, Federal inaction on transportation funding and increased asset management demands have required increased spending on federally eligible roadways while reducing revenue available for secondary or lower-traffic roadways; and

WHEREAS, many regions of the Commonwealth have critical needs for capacity expansion and connection improvements; and

WHEREAS, the Commonwealth has a responsibility to ensure a transportation system that supports the current needs, and future growth, of both its citizens’ quality of life and the economy; and

WHEREAS, the safety of drivers depends on a properly maintained and updated transportation system; and

WHEREAS, PennDOT has developed *PennDOT Pathways*, a long-term program to analyze and implement new future-focused sources of funding for the Commonwealth’s transportation system that could better serve our communities and all Pennsylvanians for the next generation; and,

WHEREAS, it has been determined that the Governor and the Commonwealth would benefit from the advice and counsel of an official advisory commission comprised of key stakeholders, including experts from the transportation industry, environmental community, business community, energy community, multimodal community and local government representatives.

NOW, THEREFORE, I, Tom Wolf, Governor of the Commonwealth of Pennsylvania, by virtue of the authority vested in me by the Constitution of the Commonwealth of Pennsylvania and other laws, do hereby establish the Governor’s Transportation Revenue Options Commission (hereinafter referred to as the “Commission”) as hereinafter set forth.
