Dear President Pro Tempore Corman, Speaker Cutler, Leaders Ward and Benninghoff, and Chairs Brooks and Rapp:

As we continue to respond to the COVID-19 pandemic, my administration remains committed to providing data to inform the General Assembly and the general public. I shared in my letter to you on September 9 our intention to release vaccination reports by legislative district to help members of the legislature and the public better understand how each district is performing. Today, the Department of Health is releasing the legislative district data, which is available on the Open Data Pennsylvania website. I hope this information is useful to you and all members of the General Assembly in improving our collective vaccination efforts.

In that same correspondence, I asked you to create a frequently updated dashboard to track efforts by each member of the General Assembly to help encourage vaccinations. I look forward to hearing back from you on your efforts to create the dashboard to assist in sharing information with the public.

Your collaboration is appreciated as we work to increase vaccinations and combat COVID-19.

Sincerely,

TOM WOLF
Governor
